

SCSK 563 : Basic Hyperbaric Medicine

Basic Hyperbaric Medical Theory and Practice will involve lectures covering major fundamental topics relevant to hyperbaric medicine. Successful completion of the course will reflect dutiful participation of students in the didactic and practical sessions and achievement of a passing grade on a final examination. The course will be delivered once annually in late Spring/early Summer, after the end of the SOM academic term. In elaboration of Course Pre- Requisites, successful completion (with passing grade(s)) of Term 1 SOM is required (either BPM 1 or Term 1 Disciplinebased Curricula). Successful completion of this course and another selective (Advanced Hyperbaric Medicine) will collectively facilitate sitting for the examination for certified Hyperbaric Technologists through National Board of Diving and Hyperbaric Medical Technology (NBDHMT).
