

MICR 832 : Current Topics in Medical Virology

This research selective "Current Topics in Medical Virology" will be conducted in a journal-club type format, 7 hours of direct contact (1 hour/week for 7 weeks), 18 hours other. Direct contact will include 1 hour of instruction on how to select current research papers of interest, how to present research articles. Other hours include critical assessment and question preparation of 11 scientific research journal articles within the topic of Medical Virology, and preparation of one or two presentations [depends on the number of students enrolled] to the entire group. This selective will offer medical and graduate students an opportunity to review and critically evaluate current, scientific research in the area of Medical Virology.
