

Recognitions of Achievement

During its end of term review, the APRC also identifies those students who have a high cumulative Weighted Mean Percentage Grade (WMPG) and should be recognized for their achievement as follows:

- Cumulative WMPG $\geq 95\%$: Students are placed on the Chancellor's List and promoted to the next term.
- Cumulative WMPG $\geq 90\% - 94.99\%$: Students are placed on the Dean's List and promoted to the next term.

All students who are placed on the Chancellor's List and/or Dean's List are sent recognition letters by the Senior Associate Dean of Basic Sciences Office during the first two weeks of the following term.
