

Pre-Clinical Program

Students in the Pre-Clinical Program have been reviewed and accepted by the Faculty Student Selection Committee of the Admissions Committee for the School of Medicine, into the 5, 6 or 7-year medical program according to the educational achievement documented by the Admission's Committee.

Students entering the 6- or 7-year MD Program are required to participate in the Professional Learning Institute (PLI). The PLI is designed to help students new to the St. George's University School of Medicine in the process of building a professional identity as a medical student.
