

Required Web-Based Modules

Each clerkship has required web-based modules that students must complete. These modules fall into three groups:

1. Communication skill modules
2. Ethics Modules (Appendix L)
3. Geriatrics (not required in all cores)

In addition to the web-based modules associated with the clerkships, students must also complete the following graduation requirements:

1. Pain Management Sakai Module
2. Remainder of Communication Skills Modules
