

Training requirements for Faculty

SGUSOM requires all core clerkship medical residents at affiliated sites to complete a series of faculty development modules on medical student teaching and assessment.

All SOM faculty are required to complete a new faculty orientation session, which will include an orientation to the School of Medicine, its mission statement and MD program objectives, the administrative structures and curriculum overview. This orientation will be run on site each term, and available as self-directed learning modules for off-site faculty.

Additional mandatory HR training may be periodically required, as per the requirements of the University regarding compliance policies such as anti-harassment, etc. This is communicated by HR as needed.
