

# Clinical Track

This track is for faculty who are full-time clinicians, whose primary contributions are to the clinical service mission of the school. Their contributions are mainly patient care and supporting activities. Teaching is minimal and when it occurs, is supplemental to their primary clinical duties and occurs in the context of patient-centered or focused encounters.

**Category**

Clinical Practice

(MD or equivalent, e.g., MBBS)

**Teaching occurs in:**

Patient-centered or patient-focused encounters.
