

COVID-19 Policy for Clinical Students

Effective May 11, 2023, following the ending of the COVID-19 national public health emergencies in both the US and Grenada, SGU will no longer require individuals to be vaccinated in order to access the Grenada campus.

- SGU's COVID vaccination requirement will end May 11, 2023
- **Students in clinical and clinical research settings will continue to follow site protocols regarding vaccinations.**
- Vaccinations and boosters continue to be strongly recommended.

Please keep records of any COVID-19 vaccination you receive. We will provide information on how to securely submit your proof of vaccination.

If you need to apply for a medical exemption, please review the following:

- [policy](#)
- [medical information release form](#)
- [medical exemption form](#)

Please submit all documentation to student studentexemptions@sgu.edu.
