

Declaration of Major

Students are responsible for being fully aware of their academic program structure and for enrolling in courses that will satisfy graduation requirements. Students should review the degree audit (available from their respective department), the description of the degree program and course descriptions published by the School of Arts and Sciences.

In addition, students should meet with their assigned Faculty Advisor to discuss their academic plans and career goals. The degree audits should be reviewed by students, in consultation with the Faculty Advisor throughout matriculation to ensure that they are progressing in a timely fashion toward their degree. Any additional queries should be directed to the [Office of the University Registrar](#).
